Document type: Illustrative sample (anonymised)
Version: 1.0 | For education and discussion only
Firm: PrimeIdea Ventures ´• Vadodara, Gujarat
Contact: research@primeidea.in

Important disclaimer

This sample report shows the structure of an indicative risk assessment summary. It is not a real client report, not investment advice, and not a recommendation to buy or sell any product. Investments in the securities market are subject to market risks. PrimeIdea Ventures does not guarantee returns.

Sample client snapshot

Name: Sample Investor
City: Vadodara
Assessment date: 01 April 2026
Questions answered: 5 of 5
Assessment status: Complete

Indicative result

Risk score (2 to 10): 6.67
Risk profile band: Growth-oriented

Interpretation (indicative): You may be able to accept meaningful fluctuations for long-term growth, subject to suitability and time horizon. Final suitability also considers goals, liquidity, tax, and the complete financial situation.

Sample Risk Assessment Report â Response summary

Risk questions (sample answers)

1. Age bracket: 31 to 45
2. Disposable income: Regular, mostly fixed excess available
3. Investment horizon: Over 5 years
4. Reaction to a 20% loss: I will hold, but refrain from adding more
5. Market understanding: I am a finance enthusiast and understand concepts

Scoring method (summary)

Each answered risk question uses an option score from 1 to 4.
Scores are averaged with equal weight, then rescaled to a 2â 10 range. Unanswered questions are excluded (provisional if incomplete).

Bands: Conservative (2â 4) ´• Moderate (4â 6) ´•
Growth-oriented (6â 8) ´• Aggressive (8â 10)

Next steps

1. Treat this profile as a discussion input, not a product mandate.
2. Share holdings for a research-led portfolio review.
3. Align allocation with goals, liquidity, and time horizon.
4. Verify SEBI registration independently before investing.
